Chairman's Message

Hon. Shri Sameer B. Wagh
(Chairman),
K.K Wagh Education Society, Nashik

It is a real pleasure for me to welcome you to the K K Wagh Group of Institutions. K K Wagh has been synonymous with quality education for over 50 years and been a responsible member of India.

As Chairman of the K K Wagh Trust, I feel proud in sharing that the Trust has stayed true to its objective and vision throughout the years. We believe that quality education is the best and most assured route to prosperity and development in society.

It is with this vision that our founding father, **Shri Kakasaheb Wagh**, followed by our beloved Trust President, **Balasaheb Wagh (Bhau)**, contributed towards the development of rural India. Today with over 30 institutes under its umbrella, K K Wagh provides programs for the complete education of children and youth in the urban and rural regions of Nasik.

Our alumni continue to excel in various fields and are leading teams in international corporations.

When someone asks, "How do I measure the success of K K Wagh?"

I reflect on two crucial attributes:

Firstly, we have students whose parents graduated from this very campus... what else can be a true testament to the value that we offer for generations to believe in us! Secondly, the longevity of the members of K K Wagh is another positive springboard that has inspired students to be guided by dedicated staff who believe in this vision and after decade, after decade they have worked with the same zeal.

With warm regards.

Hon. Shri Sameer B. Wagh
(Chairman),
K K Wagh Education Society, Nashik

Coordinators Message

Hon. Shri. Bhushan Kardile,
(Coordinator),
K.K. Wagh Education Society, Nashik

Iwould like to take a moment to reflect on the core purpose of education and how it impacts our students, the community, and society at large. The true aim of education extends beyond imparting knowledge, it about transforming the behaviour of students, guiding them towards a t kr Wagn more **holistic development**.

New education policy NEP2020 change the approach of education from Teacher centric to a Child – centric education where the role of each stakeholder-teachers, parents, and the community—is equally important. Together, we have a vital role in shaping anya future generation that is not conly academically accomplished but suficient vith practical life skills. It is often said that any meaningful development in society is driven by education.

I firmly believe that education should instill in students a practical approach to life, encouraging them to think critically and navigate real-world challenges effectively.

While we recognize the significance of financial stability in life, it is important to convey that money, though essential, is not the sole driving force. Education should nurture values and skills that emphasize the holistic development of individuals, enablebic that prepares meaningmfully to society.

Let us continue to work together, ensuring that our students receive an education that prepares them not just for careers, but for life itself.

*Our School is branch of that sprawling tree
which is rooted in Indian
Tradition. ”*

Our School is branch of that sprawling tree which is rooted in Indian Tradition. Being a part of such an illustrious organization we have tremendous responsibility. We are conscious of the fact that we have to fulfil the sacred mission of visionary Hon. Bhau, who says that education that gives us confidence to move ahead despite hundreds and stumbling blocks. We have built our school step by step. Sometimes we falter but we never lose sight of our aim to create and edifice of education which would be pride and prestige of KKW organisation. This aim gives us courage to move ahead with more zeal and determination. It is our endeavour to acquaint our children with culture and teach them morally up light. We strive to provide them facilities and infrastructure at par with the best.

We our students opportunities to realize their talents and potential through intrahouse and interschool competitions. We have a qualified staff who constantly sharper their knowledge and intellect by attending seminars and workshops.

We want to give our best to our students. Nurturing curiosity, ambition, self confidence, responsibility and integrity shall always be our motto.

"Chase your dreams, but always know the road that will lead you home again."

Head Boy's Note

I am Aryan Suresh Bhadane, and it is both an honor and a privilege to pen down my thoughts as the Head Boy of this esteemed institution. Standing at the threshold to this chapter, I stand before you with my heartfelt gratitude to the students, teaching faculty, and staff who believed in me. A special note of thanks to our respected Principal, Mrs. Ashwini Pawar, for entrusting me with this task.

The journey as Head Boy was not a walk in the park. It came with its fair share of challenges, but with the unwavering support of my peers, we turned obstacles into stepping stones.

Together, we identified problems, brainstormed solutions, and ensured that every voice was heard. Leadership is not about walking ahead alone but taking everyone along, and that is precisely what Student Council is all about. Leading ahead stride by stride is not about winning at everyone's expense, but about leading with sincerity, what truly makes the dream work. As I pass the baton to the next batch of leaders, my advice is to hold your head high, uphold the values of this institution, and always lead by example. Let's continue to make K K Wagh English School for Education shine brighter than ever.

"The best way to predict the future is to create it."
